

## New Officers of Church Hold Orientation Retreat

An officers retreat was given at Ascension Lutheran Church, 18002 South Prairie Ave., Saturday morning from 8 to 12:30 p.m. for newly elected officers.

Breakfast and luncheon was served by the hospitality chairman, Mrs. Wilfred Mesker; co-chairwoman, Mrs. T. G.

Elkom; and Meses. Norman Sprung, Paul Kasten, and Frank Stephens.

The voters of Ascension have selected the following officers in the Kingdom work of the congregation: Roland Mueller, Rev. Harold Kupke, Frank Den Oden, Walter Rittamel, Cletus Roth, Paul Kasten, Edwin

Barchinger, Chet Whitsen, Norman Sprung, Arthur Neumann, Marvin Schokley, John Martin, John Michelsen, Walter Schneider, Fred Chaffey, Kyle Gordon, Richard Whittaker, Robert Christiansen, Melven Edmarquart, Bernard Kredo, Ed Schlatz, Ed Daugherty, and Mrs. John Martin.

The purpose of the retreat was the indoctrination of the new officers in the duties and responsibility of their new offices in order to function more effectively in their field of service.

All officers were publicly installed Sunday, Jan. 4, during services.

CASTING COMPLETED . . . A centrifugal pump for use on the Colorado River Aqueduct system is shown during its final assembly at the Torrance plant of The National Supply Co. The case has an outside diameter of approximately 10 feet and is more than 14 feet over the discharge section. Weighing more than 19 tons, the case for this pump is one of the largest and most intricate steel castings that can be produced anywhere.

WATCH FILM . . . John L. Greer, electrician at the Torrance Works of Columbia-Geneva Steel Div., United States Steel, pushes a button on a new portable projector used as a training and communications medium at the plant. Waiting to see the motion-picture are Miguel Grapeda, nozzle setter, center, and John T. Sanchez, laborer, right.

## Film Shown At Plant On Push-Button Projector

United States Steel has introduced free motion pictures for employees as part of its communications and on-the-job training program at the Torrance Works of the Columbia-Geneva Steel Div. near Los Angeles.

Films dealing with production techniques and other subjects of plantwide interest are shown in a self-contained, push-button projector designed and built by Wilding Pictures, Inc., specifically for the steel corporation.

Believed to be the first audio-visual aid of its type to be used by industry, the projector, which resembles a home TV set, is portable and can be moved from department to department to facilitate on-the-job training of employees.

U. S. STEEL officials believe the portable projector provides an effective tool for carrying
